Permission for Posting Presentation Materials  
on Scholarship@Western (<http://ir.lib.uwo.ca/>)

The Western Research Forum has entered into a collaborative project with Western Libraries (WL) by which materials (e.g., abstracts, papers, posters, PowerPoint slides, etc.) presented at the Conference will be made publicly accessible online via Scholarship@Western, a portal created to showcase presenters' scholarship and to facilitate knowledge sharing. If you would like to participate in this project, please read the terms below carefully, provide the requested information on the attached form, sign it, and submit it to the Conference organizer.

To participate, you must agree on these terms:

1. You grant non-exclusive permission for WL to archive your materials online and make them publicly accessible for distribution and download via Scholarship@Western. The permission is not a copyright transfer. You retain the copyright of your materials.
2. You grant non-exclusive permission for WL to preserve your materials for perpetual online access via Scholarship@Western. The reason is that file formats such as .pdf and .ppt may become obsolete in the future. In order to ensure that the materials remain accessible and viewable, WL will convert obsolete formats to new ones if needed.
3. If there is copyrighted content (e.g., images, video clips, etc.) used in your materials, you have to ensure that your use of the content is legally acceptable and does not constitute copyright infringement.

If you have a paper for your presentation, please note that some journal publishers may view the paper as already published and reject it for publication if it is posted online for free public access. Therefore, you should think about whether you are going to submit the paper to a journal. If you do not want to have your paper posted online, you can consider giving WL permission to showcase a poster, PowerPoint slides, or an abstract of your presentation instead.

You have the right to withdraw your materials after they have been made publicly accessible via Scholarship@Western. To do that, you have to make a request to WL by e-mail ([libadmin@uwo.ca](mailto:libadmin@uwo.ca)) and provide the specific information of your materials.
