March 6, 2016

Dear Adventures in Wonderland,

Thank You!

Western Heads East, alongside the Africa Institute and Western International, coordinated the Africa-Western Collaborations Day on November 18<sup>th</sup>, 2015. The event showcased Western's research and international learning programs in East Africa, student poster programs, and African inspired food and displays. A highlight of the event was a panel discussion about the new Global Sustainability Goals moderated by Professor Michael Clarke and featuring Professors Bipasha Baruah (Women's Studies), Henri Boyi (French) and Yolanda Babenko-Mould (Nursing). We thank Michael Clarke for his planning efforts and the panelists for their thoughtful and stimulating reflections. **The faculty planning committee consisting of Irena F Creed, Bob Gough, Nicole Haggerty, Silke Klenk, Ian Colquhoun, Isaac Luginaah and Suzanne Huot, shared their wisdom and experience to determine the speakers and content for the day. It truly was a team effort as the WHE Fundraising and Education Committee recruited the volunteers and organized the venue, refreshments (thank you Great Hall Catering!) and logistics of the day.**

Western Heads East extends many thanks to the campus and London communities for making our annual online auction and fundraising efforts a tremendous success this year. Our goal this academic year was to raise \$4,000, funds that will be put towards collaborating with St. Augustine University in Mwanza, Tanzania (SAUT) to establish a probiotic yoghurt kitchen on the SAUT campus. **First and foremost,** we give our gratitude to Housing and Ancillary Services at Western and the Rez Powers Down Committee for generously donating the proceeds from their energy conservation efforts, contributing \$1,500 to start our fundraiser. With the help of donors and partners, Western Heads East has raised over \$4,500 for the SAUT Fiti probiotic yoghurt kitchen collaboration!

We thank you for your generous contribution to our online auction, Western Heads East could not have accomplished this without generosity and kind-heartedness. We hope that you will consider donating in the future, we will be contacting potential donors for our event in November 2016 during the spring and summer.

Sincerely,

We thank Michael Clarke for his planning efforts and the panelists for their thoughtful and stimulating reflections. The faculty planning committee consisting of Irena F Creed, Bob Gough, Nicole Haggerty, Silke Klenk, Ian Colquhoun, Isaac Luginaah and Suzanne Huot, shared their wisdom and experience to determine the speakers and content for the day. It truly was a team effort as the WHE Fundraising and Education Committee recruited the volunteers and organized the venue, refreshments (thank you Great Hall Catering!) and logistics of the day.

Western Heads East extends many thanks to the campus and London communities for making our annual online auction and fundraising efforts a tremendous success this year. Our goal this academic year was to raise \$4,000, funds that will be put towards collaborating with St. Augustine University in Mwanza, Tanzania (SAUT) to establish a probiotic yoghurt kitchen on the SAUT campus. First and foremost, we give our gratitude to Housing and Ancillary Services at Western and the Rez Powers Down Committee for generously donating the proceeds from their energy conservation efforts, contributing \$1,500 to start our fundraiser. With the help of donors and partners, Western Heads East has raised over \$4,500 for the SAUT Fiti probiotic yoghurt kitchen collaboration!

We thank you for your generous contribution to our online auction, Western Heads East could not have accomplished this without generosity and kind-heartedness. We hope that you will consider donating in the future, we will be contacting potential donors for our event in November 2016 during the spring and summer.

Sincerely,

Dear Green Leaf Café,

Thank You!

Western Heads East, alongside the Africa Institute and Western International, coordinated the Africa-Western Collaborations Day on November 18<sup>th</sup>, 2015. The event showcased Western's research and international learning programs in East Africa, student poster programs, and African inspired food and displays. A highlight of the event was a panel discussion about the new Global Sustainability Goals moderated by Professor Michael Clarke and featuring Professors Bipasha Baruah (Women's Studies), Henri Boyi (French) and Yolanda Babenko-Mould (Nursing). We thank Michael Clarke for his planning efforts and the panelists for their thoughtful and stimulating reflections. The faculty planning committee consisting of Irena F Creed, Bob Gough, Nicole Haggerty, Silke Klenk, Ian Colquhoun, Isaac Luginaah and Suzanne Huot, shared their wisdom and experience to determine the speakers and content for the day. It truly was a team effort as the WHE Fundraising and Education Committee recruited the volunteers and organized the venue, refreshments (thank you Great Hall Catering!) and logistics of the day.

With the help of donors and partners, Western Heads East has raised over \$4,500 for the SAUT Fiti probiotic yoghurt kitchen collaboration!

We thank you for your generous contribution to our online auction, Western Heads East could not have accomplished this without generosity and kind-heartedness. We hope that you will consider donating in the future, we will be contacting potential donors for our event in November 2016 during the spring and summer.

Sincerely,

Dear The Waltzing Weasel,

Thank You!

Western Heads East, alongside the Africa Institute and Western International, coordinated the Africa-Western Collaborations Day on November 18<sup>th</sup>, 2015. The event showcased Western's research and international learning programs in East Africa, student poster programs, and African inspired food and displays. A highlight of the event was a panel discussion about the new Global Sustainability Goals moderated by Professor Michael Clarke and featuring Professors Bipasha Baruah (Women's Studies), Henri Boyi (French) and Yolanda Babenko-Mould (Nursing). We thank Michael Clarke for his planning efforts and the panelists for their thoughtful and stimulating reflections. The faculty planning committee consisting of Irena F Creed, Bob Gough, Nicole Haggerty, Silke Klenk, Ian Colquhoun, Isaac Luginaah and Suzanne Huot, shared their wisdom and experience to determine the speakers and content for the day. It truly was a team effort as the WHE Fundraising and Education Committee recruited the volunteers and organized the venue, refreshments (thank you Great Hall Catering!) and logistics of the day.

Western Heads East extends many thanks to the campus and London communities for making our annual online auction and fundraising efforts a tremendous success this year. Our goal this academic year was to raise \$4,000, funds that will be put towards collaborating with St. Augustine University in Mwanza, Tanzania (SAUT) to establish a probiotic yoghurt kitchen on the SAUT campus. First and foremost, we give our gratitude to Housing and Ancillary Services at Western and the Rez Powers Down Committee for generously donating the proceeds from their energy conservation efforts, contributing \$1,500 to start our fundraiser. With the help of donors and partners, Western Heads East has raised over \$4,500 for the SAUT Fiti probiotic yoghurt kitchen collaboration!
