2007 marks the 40th Anniversary of the founding of the Comparative and International Education Society of Canada.

Let's celebrate Canadian accomplishments in our field!

Please send us details of what you consider to be your most important contribution to comparative and international education. Which works by Canadian comparative educators inspired you? Please nominate these influential works. The CIE will compile a reference list of these vital contributions.

We are counting on you to help us develop a comprehensive reference list of comparative and international education publications—books, articles, edited collections and reports.
