JAM, 18/06/1990

...the house was badly damaged in the upper story, but volunteers ... the storm prevented its total demolition.

...to take it back up and take other notes. ... power saws to cut up the tree and cranes removed the sections. It was not possible to repair the phone lines and they were repaired until today. The tree crashed a short distance from the home of former Prime Minister King.

NAIL AT CLEAR LAKE

Basements of the downtown section of Peterborough were flooded. ... temperatures in the area dropped 20 degrees from 85 to 61 in just an hour. Water ran almost a foot deep at some intersections when the downtown flooded to reach the main roads. At Clear Lake, ... a hailstorm was reported north. Wind which accompanied the rain ... the awnings at Anthony's Fruit Store, Hamilton's Grocery and St. ... A theatre marquee was damaged and lightning struck the home of Samuel Rath, in Smith Township, and set fire to the building. Mrs. Rath and three children, eating dinner on the kitchen, were missed by only about a foot. Fire did considerable damage before it was extinguished. A tree crashed on Durham St. and another cut power lines.

At about the same time a storm whipped through Ottawa, snatching communication lines and falling trees. Top wind speeds of 46 miles an hour, reaching 65 in gusts, were recorded at Rockcliffe Airport. Telephone and telegraph lines were disrupted, and all four Ottawa radio stations were put off the air for a short time.

Seven miles from Ottawa some \$50,000 damage was caused at the Holy Rosary Novitiate and Scholasticate. The wind ripped the roof from the 17-year-old brick building and smashed down a barn, 300 yards from the main building. A barn also was toppled on the farm of Percy Kenny, near the novitiate.
