TORNADO.  
or funnel cloud.

June 27th. 1936 1700 LST.

FORT FRANCES, ONT.

DESCRIPTION: " About 5 p.m., residents saw a funnel shaped cloud bearing down upon the town from the south. Residents ran for their houses, locking doors.. but the threat passed south of the town without any damage being done. However, winds up to 50 mph tore branches from trees and littered the streets with debris. " In the space of 10 minutes 36" of rain splattered in the area "
