

**Date** : Saturday, August 6, 1966

**Time** : Evening

**Location** : Castleford, Renfrew County

**F-Rating** : F0 'C'

**Track Length** : N/A

**Max Width** : N/A

**Direction** : N/A°

**Shape** : N/A "small twister"

**Injuries** : 0

**Deaths** : 0

**Damage Cost** : "in excess of \$10,000" as crops were damaged, a cottage unroofed with the roof dropped 50 feet away, and were trees uprooted.

**Notes** : Twister accompanied by golf ball sized hailstones. Timing seems backward compared to Deep River storm and Perth County storms, but may have been separate cells. Possible need for upgrade as a roof was thrown.

**Photos/Videos** : None in EC file. Check listed references for images.
