

Candidate's Name: Saranga Sriranganathan

Candidate's Program: Physiology and Pharmacology

The Thesis Examination Board's decision is that the **content** of the thesis is:

Acceptable (Pass)

Unacceptable\* (Fail)

By unanimous decision

By majority decision

The Thesis Examination Board's decision is that the **oral defense** of the thesis is:

Acceptable (Pass)

Unacceptable\* (Fail)

By unanimous decision

By majority decision

**Required revisions must be itemized below or attached**

\*If the content or oral defense is judged unacceptable, please summarize the reason for this decision

- please include statistics section in Methods, and expand Mass Spec. section
- please include n values for all figures, and all representative blots.
- all other formatting revisions as indicated on examiners thesis copies
- correct introduction paragraph re: internalization as per Dr. Heit's comments
- summary diagram/schematic in introduction, followed by working model in discussion (if possible); also a strong concluding paragraph that relates back to a clearly worded hypothesis
- include 1650 values as per Dr. Arguehart's comments.

The following individual(s) will approve the revisions prior to final submission: Dr. Gunaratnam
