## Certificate of Ethics Clearance for Human Participant Research

---

DATE: 6/7/2018

PRINCIPAL INVESTIGATOR: BENEDICT, Cathy - Music

CO-INVESTIGATOR(S): Sophie Roland (sroland2@uwo.ca)

FILE: 17-415 - BENEDICT

TYPE: Ph. D. STUDENT: Elizabeth Lepock  
SUPERVISOR: Cathy Benedict

TITLE: No Space to Sing: A Narrative Inquiry into the Experiences of Classical Singers with Primary Muscle Tension Dysphonia

---

### ETHICS CLEARANCE GRANTED

Type of Clearance: NEW

Expiry Date: 6/1/2019

---

The Brock University Social Science Research Ethics Board has reviewed the above named research proposal and considers the procedures, as described by the applicant, to conform to the University's ethical standards and the Tri-Council Policy Statement. Clearance granted from 6/7/2018 to 6/1/2019.

The Tri-Council Policy Statement requires that ongoing research be monitored by, at a minimum, an annual report. Should your project extend beyond the expiry date, you are required to submit a Renewal form before 6/1/2019. Continued clearance is contingent on timely submission of reports.

To comply with the Tri-Council Policy Statement, you must also submit a final report upon completion of your project. All report forms can be found on the Research Ethics web page at <http://www.brocku.ca/research/policies-and-forms/research-forms>.

In addition, throughout your research, you must report promptly to the REB:

- a) Changes increasing the risk to the participant(s) and/or affecting significantly the conduct of the study;
- b) All adverse and/or unanticipated experiences or events that may have real or potential unfavourable implications for participants;
- c) New information that may adversely affect the safety of the participants or the conduct of the study;
- d) Any changes in your source of funding or new funding to a previously unfunded project.

We wish you success with your research.

Approved:

---

Ann-Marie DiBiase, Chair  
Social Science Research Ethics Board

**Note:** Brock University is accountable for the research carried out in its own jurisdiction or under its auspices and may refuse certain research even though the REB has found it ethically acceptable.

If research participants are in the care of a health facility, at a school, or other institution or community organization, it is the responsibility of the Principal Investigator to ensure that the ethical guidelines and clearance of those facilities or institutions are obtained and filed with the REB prior to the initiation of research at that site.
